Scrofula is a form of blood poison descending from parent to child. Mercury and potash dry up scrofulous sores and bottle up the poison in the system. S. S. S., drives the poison out through the pores of the skin!

Her Boy.

Swift's Specific (S. S., S.,) cured my little boy of hereditary scrofula, which broke out all over his face. For a year he had suffered, and I had given up all hopes of his recovery, when at length I was induced to use S. S. S. After using a few bottles he was entirely cured. Not a symptom now remains of the disease. This was three years ago.

## PEARL BUTTONS AT A BARGAIN.

As the trade are aware, these buttons have nearly doubled in cost by the heavy duty imposed by the

McKinley tariff; but we have been fortunate in securing quite a lot at mederate figures, and though our profits are very small on them, we

propose, as long as the lot lasts, to sell them

as low as in October last.

Sales have been large for the season, and the stock is still good; but as many cannot be duplicated,

we would advise purchasers to make their selections from the CHOICE SCOTCH
